PROFILE SUMMARY

MBA (Finance & Marketing) professional with one year of hands-on experience managing end-to-end import trade finance operations, including Letters of Credit, DGFT license schemes (EPCG and Advance Authorization), and coordination with **50+ international suppliers and stakeholders across 15+ countries** including Germany, Italy, Spain, Portugal, the Netherlands, the USA, China, South Korea and Vietnam. Combines regulatory and banking-side trade finance execution with front-line coordination across suppliers, freight forwarders, banks, and internal teams — negotiating terms, tracking commitments, and resolving day-to-day issues much like a sales or account coordination role. Strong analytical capability in Power BI, Advanced Excel, MIS reporting, and AI-assisted workflows. Seeking to bring this expertise to a bank, NBFC, export house, trading company, or manufacturing organization.

CORE EXPERTISE

- Letters of Credit (LC):** issuance, amendments, negotiation, discounting, and bank coordination for import transactions
- DGFT License Management:** EPCG and Advance Authorization — application, one-year consumption-based forecasting, export obligation tracking (6x duty saved), and license closure to avoid penalties
- Supplier & Sales Coordination:** single point of contact for **50+ international suppliers**, freight forwarders, and banking partners — coordinating shipment schedules, payment milestones, LC amendments, and commercial terms across **15+ countries**
- Trade Documentation:** Bill of Lading, Packing List, Certificate of Origin, import licensing, and customs clearance coordination
- Regulatory Compliance & FX:** EXIM policy, RBI guidelines, and government trade regulation adherence; FX exposure monitoring and remittance timing
- Market Intelligence:** EXIM portal-based supplier search and competitor pricing benchmarking across international markets

PROFESSIONAL EXPERIENCE

Procurement & Analytics Executive — Pacific Engineered Surfaces Pvt Ltd

Jul 2025 – Present

Import Operations, Trade Documentation & License Compliance

- Managed end-to-end import procurement processes including preparation, issuance, and coordination of Letters of Credit and all international trade documentation (Bill of Lading, Packing List, Certificate of Origin)
- Acted as key point of contact and coordinator for **50+ international suppliers**, freight forwarders, logistics teams, and banking partners across **15+ countries** including Germany, Italy, Spain, Portugal, the Netherlands, the USA, China, South Korea and Vietnam — tracking shipment schedules, LC amendments, and payment milestone settlements
- Applied for new import licenses under EPCG and Advance Authorisation schemes based on projected one-year consumption; tracked export obligations (6x license value) and ensured timely closure to avoid regulatory penalties
- Monitored foreign exchange exposure on import transactions and liaised with banking partners for LC discounting, negotiation, and timely remittance

Analytics, Costing & Cross-Functional Collaboration

- Conducted supplier benchmarking and market intelligence using EXIM trade data via the EXIM portal to evaluate competitor pricing, sourcing strategies, and supplier competitiveness
- Calculated batch-wise raw material and consumable costs to determine actual product cost for slab manufacturing
- Developed Power BI dashboards and MIS reports on procurement performance, supplier insights, and cost optimization, supporting data-driven sourcing and finance decisions
- Collaborated across finance, logistics, and operations teams to reduce procurement cycle time and improve vendor on-time delivery
- AI-Assisted Workflows:** used ChatGPT and Claude to accelerate supplier research, draft MIS/analytical reports, and structure dashboard narratives
